## Own EVO token

**EVO token** – is an internal token released recently, created by the Evola Team. According to analytical according to expert data and forecasts, in the near future the price one evotoken is guaranteed to grow to \$10 or more. In the near future we plan to connect to popular exchanges points and access to the exchange, selling a token as an option of payments in the service sector, trade, etc.

## How can be used EVO token?

After purchasing, you can wait a little, and when the exchange rate rises, it is profitable to sell and make a profit. In addition, it is now possible to pay with your tokens at numerous points in the service sector, trade, etc., the availability of which we will inform you about later.
